Full stack developer and former accounting professional with experience building React applications. Highly motivated self-starter with a drive to learn, I am seeking an opportunity to utilize my skills to contribute to building great applications in a professional setting.

PERSONAL PROJECTS

- **Personal website:** https://jk-site.netlify.app/
  - Personal site that provides information about myself with links to personal projects. Created using HTML, CSS, and React.
- **Stocks app:** https://stk-app.netlify.app/
  - First personal project using a combination HTML, CSS, Javascript, and React. Fully responsive website that shows what stocks are popular on the day using a third-party API from Yahoo Finance and React hooks.

EDUCATION

- University of California, Los Angeles (UCLA)
  - Bachelor of Science (B.S.) in Mathematics/Economics

SKILLS

- **Web Development**: HTML, CSS, Javascript, React, Node, Express
- **Databases:** SQL, NoSQL (MongoDB)
- **Version Control:** Git
- **Other languages:** Python, Swift
- **Miscellaneous:** VSCode, Microsoft Excel, Google Suite

CERTIFICATIONS

- Certified Public Accountant (CPA)
